HOME IS WHERE THE HEART IS

## WHY CHOOSE HEARTRIDGE FLOORS

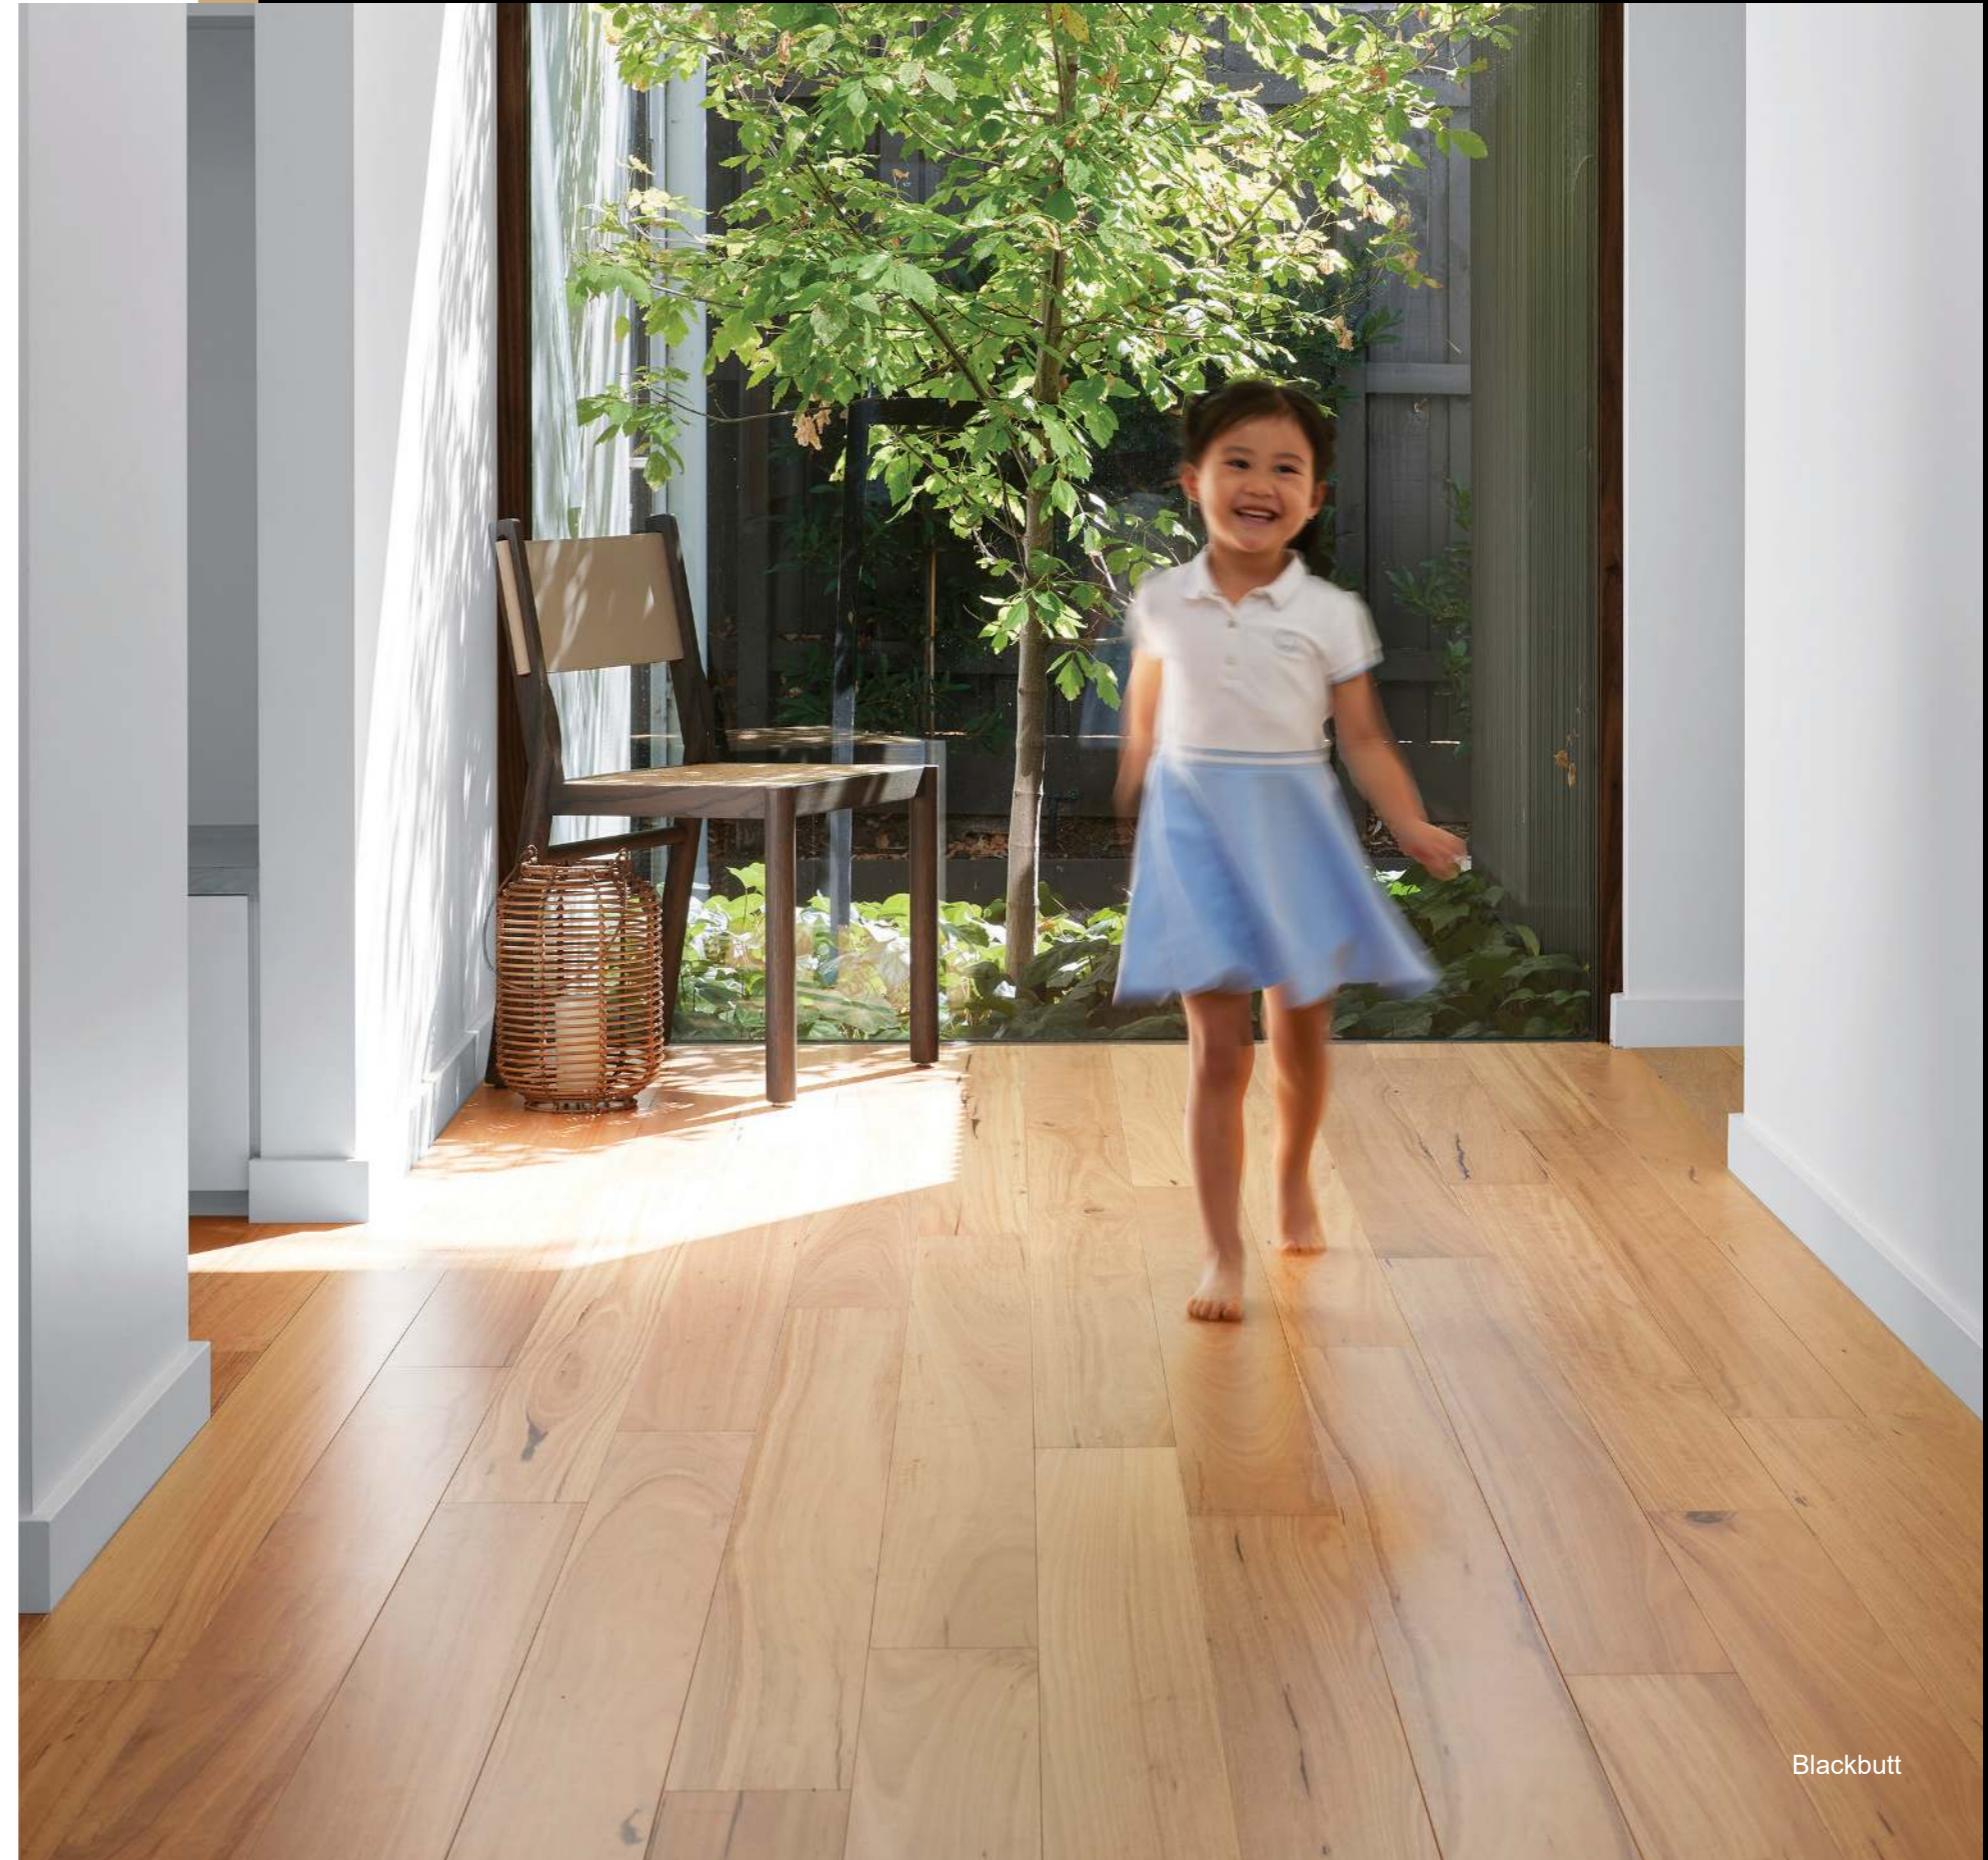

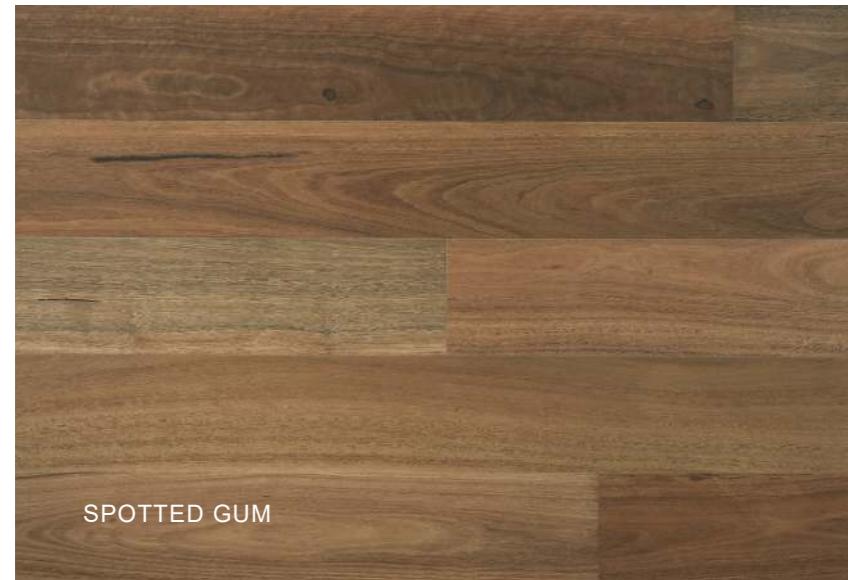

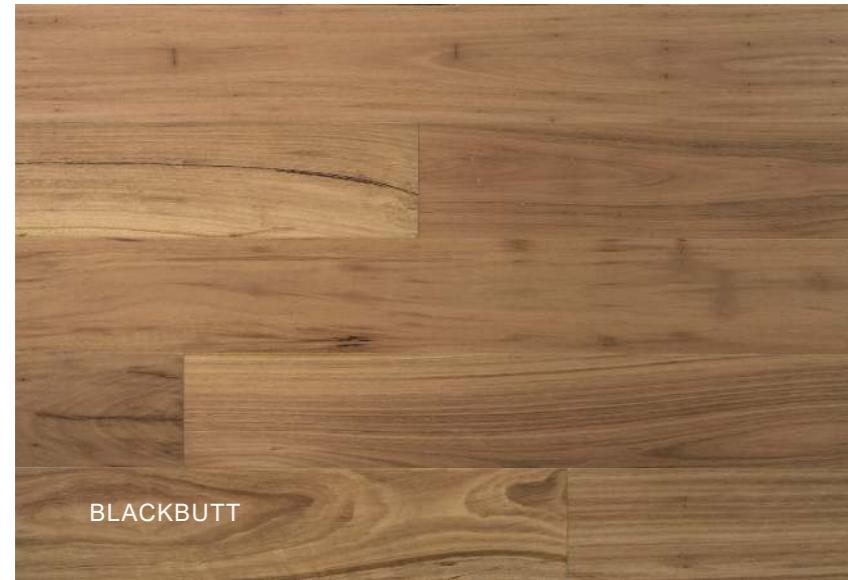

For over 50 years, we as an industry have always been passionate and proud of the products we offer.

We search the globe for the latest in flooring innovation and select only the most beautiful colour variations that nature can provide us.

Heartridge is the perfect flooring option to make your space a place to come home to.

Available in Engineered Timber, Hybrid Plank, Luxury Vinyl Plank and Vinyl Plank flooring.

INTRODUCING THE  
AUSTRALIAN SPECIES

FORMALDEHYDE	E0

# A TOUCH OF NATURE CRAFTED FOR YOUR HOME

Embrace the timeless quality of Blackbutt and Spotted Gum as it brings a tranquil element to your space - where peace and comfort meet.

Spotted Gum

## WHY ENGINEERED TIMBER?

### NATURAL TIMBER VARIATION & CHARACTER

Engineered Timber is a natural product; each board is different in its own unique way. Timber flooring has natural features and character, with knots and variations in each colour.

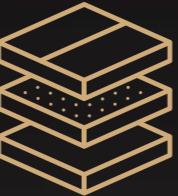

### ACOUSTICALLY SOUND

As more people choose multilevel, residential living, the issue of sound insulation has never been more important. For added acoustic performance, a Dunlop Timber Underlay is recommended for installation.

### COATED FOR SURFACE PROTECTION

Our flooring is protected by an exceptional UV-cured urethane coating, ensuring outstanding wear resistance to preserve the excellent condition of your timber floor.

### LAYERED TO LAST

Our Engineered Timber is designed for strength and durability. Each plank is layered with a 3mm thick, Blackbutt and Spotted Gum veneer that matures naturally with age, while a eucalyptus core provides optimal stability underfoot.

### LOW MAINTENANCE

Maintaining the beauty of your hardwood floors is easy. Simply wipe with a damp or dry cloth to always keep them looking their best.

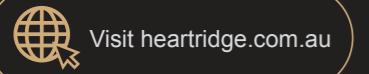

Blackbutt

## 3 FREE SAMPLES DELIVERED STRAIGHT TO YOUR DOOR

Whether you're renovating an existing home or building a new dwelling from the ground up, the colour and quality of the flooring is an important decision to make. This is why we've set up our Request a Sample service to help you find the perfect colour!

Terms and Conditions apply.

# QUALITY UNDERLAY SOLUTIONS

As more people choose multilevel residential living, the issue of sound insulation has never been more important. Whether it's in a townhouse, apartment, or two storey home, the sound of footsteps, moving furniture, or falling items can be annoying. To tackle this problem, Dunlop has a complete range of hard flooring underlays for all applications that easily surpass the industry standard set by the National Construction Code (formerly known as BCA) supporting your new floor for many years to come.

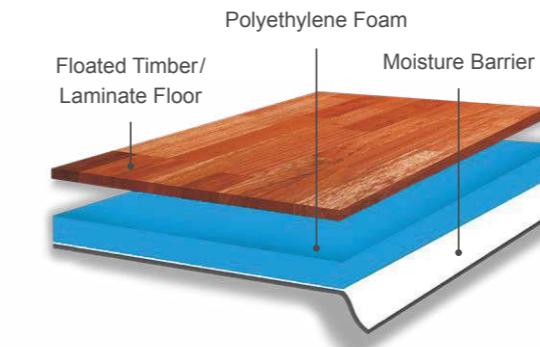

## DUNLOP® Advantage 3
