## HYBRID FLOORING

Bespoke Hybrid Flooring is custom made to be the ultimate choice for residential living, prioritising both comfort and style.

Featuring a stunning range of HD designs inspired by the natural beauty of oaks and the unique charm of Australian species, Bespoke seamlessly complements any interior.

Bespoke leverages the latest technology to provide exceptional comfort underfoot and ultra durability against scratches and dents, ensuring your floors remain easy to clean and maintain for years to come.

### See the Difference

Bespoke beautifully emulates **natural timber floors** without the plastic look and feel.

The unique matte finish **mitigates glare and light reflection** from the planks, enhancing every detail.

### Feel the Difference

**Natural textured embossing** brings the finest details and authentic imprint of wood to your home.

Bask in a flooring experience that's **remarkably smooth**, setting a whole **new standard for comfort**.

### Experience the Difference

Our Quartz Infused Shield is exceptionally **easy to clean, hard-wearing, and ultra durable**.

**Say goodbye to worrying** about spills, messes, or scratches caused by your little ones or four-legged friends.

#### Wear Layer with Quartz Infused Shield

A tough barrier against wear and tear, as well as allowing for easy cleaning and creating a hygienic environment.

#### HD Photographic Layer

Showcasing your choice of designs, this photographic layer is rendered in high definition to give you visually stunning and unique floors.

#### SPC Core with 5G Click System

Extremely rigid and stable core with a glueless install system, just drop, lock, and go, perfect for speedy installations.

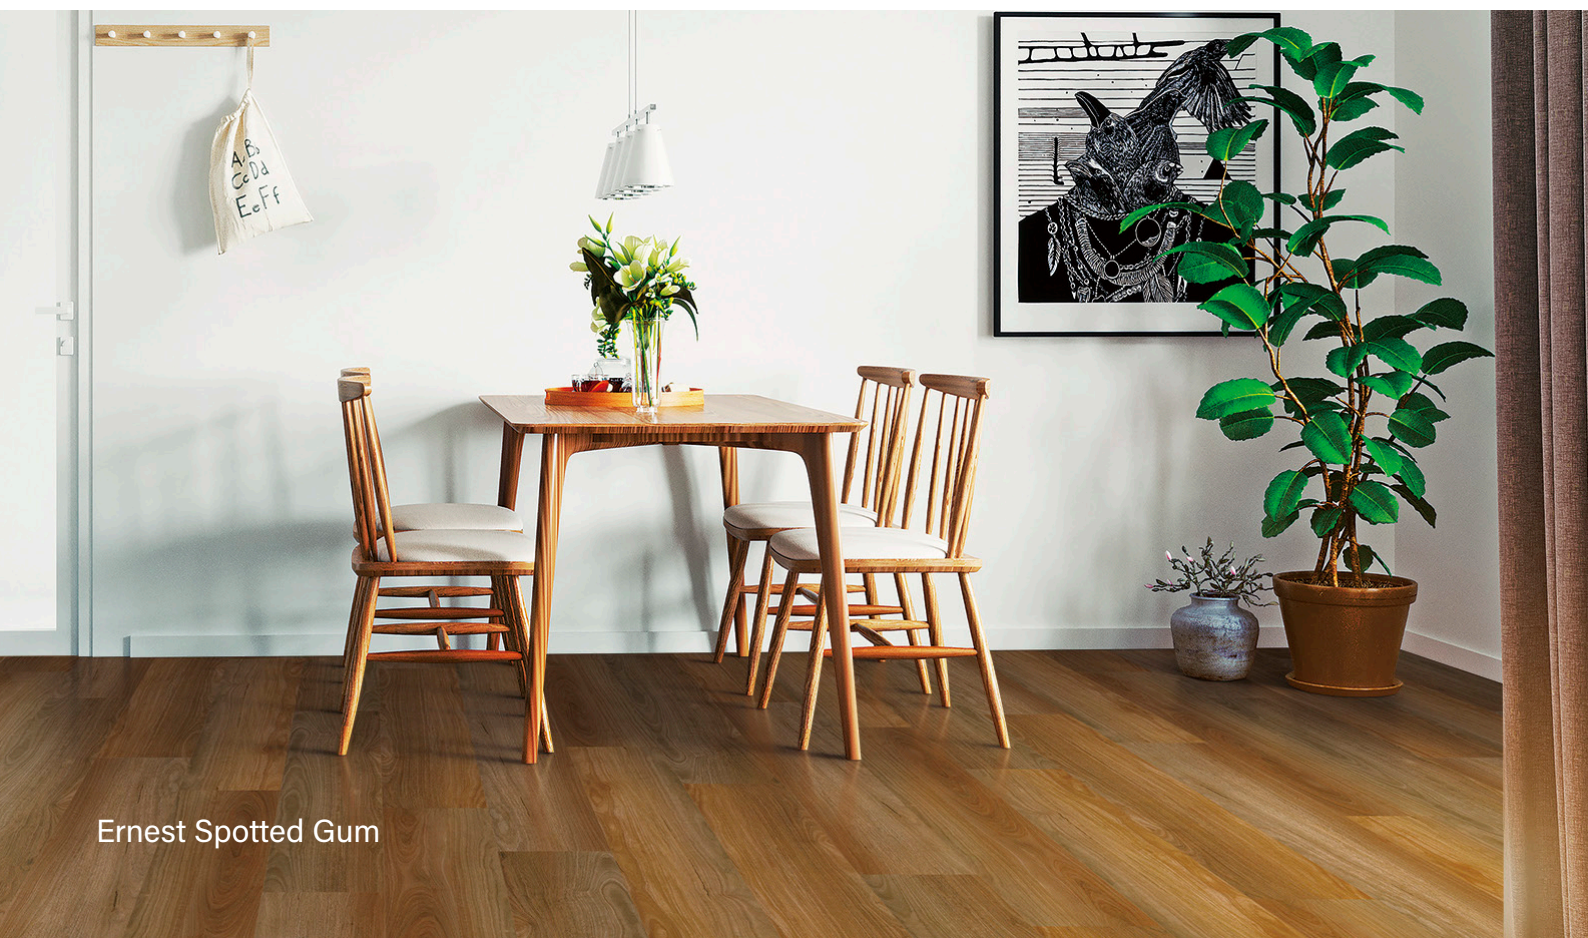

#### Acoustic underlay

Acoustic underlay layer reduces noise transfer and pollution, and leaves you with a quieter floor.
