DESSO® Linon

DRESSING SMART CASUAL SPACES

From the Ancient Greek word for Linen, the new DESSO Linon collection, takes inspiration from the timeless appeal and tactility of irregular woven fabrics and gives the look renewed relevance with a refreshing pop of pastel.

Linon's 18-strong colour line is what sets this collection apart. Nine natural shades stay true to the raw simplicity that makes this textile application so versatile, while the rest of the palette allows specifiers to explore more playful routes for zoning.

Hushed, dusky pink tones, mauves and light blues sit alongside greys and other near neutrals. The insightful use of colour and texture comes together to create a soft, homely canvas with a welcoming, smart-casual appeal - fitting for today's workplace settings. The 50 x 50 cm structured loop tile is a great office all-rounder that respectfully and creatively challenges tradition.

DESSO Linon is part of the Tarkett Fusion collection, blending carpet tiles with resilient and hard flooring products to allow even more design freedom to create stunning and practical concepts for every space within the building.

CREËER INFORMELE, ELEGANTE RUIMTES

Linon is het Oudgriekse woord voor linnen, en zo is de nieuwe collectie van DESSO dan ook geïnspireerd op de tijdloze uitstraling en structuur van deze prachtige onregelmatig geweven stof, met een fris vleugje pastel voor een moderne sfeer.

De Linon-lijn is maar liefst 18 kleuren sterk, wat het een zeer bijzondere collectie maakt. De eenvoud die deze textiele toepassing zo veelzijdig maakt, komt tot uiting in de negen natuurlijke nuances, terwijl de rest van het kleurenpalet u in staat stelt om speelsere routes voor zonering uit te proberen.

Gedempte oudroze kleuren, mauves en lichtblauw gaan gepaard met grijze en andere neutralen. Door slim gebruik van kleur en textuur wordt een zacht, huiselijk tafereel gecreëerd met een gastvrije, geraffineerd-informele uitstraling; perfect voor de werkplek van vandaag. De gestructureerde lussenpolige tapijttegels is 50 x 50 cm groot en past fantastisch in kantoorruimtes als subtiele creatieve uiting.

DESSO Linon maakt deel uit van de Fusion-collectie van Tarkett, waarin tapijttegels worden gecombineerd met harde vloeren voor meer vrijheid in ontwerp en de creatie van prachtige en praktische concepten voor elke ruimte in het gebouw.
